**Subject:** Change in kit names

Hi All,

Please be advised that the outfit formally known as PROBETEC CHLAMYDIA is now named **STD-CHLAMYDIA/GC COURIER** and the outfit formally known as STD SELECTED SITE is now named **STD-CHLAMYDIA/GC MAILING**.

All changes have been made in the intranet kit program and the Manual of Laboratory Tests and Services will be updated ASAP. Please advise your clients, which use these outfits, of the name change to avoid confusion when ordering.

Thank you,

Alan
